**Q:** What is Form 1095-C and Who Receives this Form?

**A:** The Affordable Care Act, ACA, includes both an individual mandate and an employer mandate. The individual mandate requires that most Americans have minimum essential healthcare coverage or potentially face a fine, referred to in the ACA as the “individual shared responsibility payment.” The employer mandate requires employers with 50 or more full-time equivalent employees to offer to employees who work on average at least 30 hours a week affordable healthcare coverage that provides minimum value or potentially face a fine (referred to in the ACA as the “employer shared responsibility” assessment). Much like the Form W-2 is used to help the IRS determine whether or not you owe taxes, the information reported on your Form 1095-C will allow the IRS to determine whether you (or your employer) may have to make a payment for failing to comply with the ACA.

The Form 1095-C contains information about your Harvard healthcare coverage and whether you and your eligible dependents were covered. You will need information from this form when completing your 2015 Federal tax return.

If you were working an average of 30 or more hours per week in 2015— and/or were enrolled in one of the Harvard health plans at any time in 2015, you will receive a Form 1095-C.

**Q:** When will I receive my Form 1095-C?

**A:** The IRS has extended the date Form 1095-C must be sent to employees. These forms must be postmarked by March 31, 2016. Harvard intends on mailing these forms prior to this date. You can check back to this site for updates on the mailing date.

**Q:** What information is on Form 1095-C?

**A:** There are three parts to the form:
- **Part I - Employee and Employer Information** - information about you and Harvard.
- **Part II - Employee Offer and Coverage** - information about the Harvard health coverage you were offered.
- **Part III - Covered Individuals** – lists all your covered dependents

**Q:** Where can I obtain additional information about Form 1095-C?
