List of Abbreviations

B/D: This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

PA: Prior Authorization. Catamaran requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Catamaran before you fill your prescriptions. If you don't get approval, Harvard University Medicare Prescription Drug Plan may not cover the drug.

QL: Quantity Limit. For certain drugs Catamaran limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, Catamaran requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition.

Catamaran is a Medicare approved Part D sponsor and administers this plan on behalf of your employer, union or trustees of a fund. If you need this information in another language or other format (Braille, large print audio), please contact Catamaran Member Services at the number located on the back of your ID card.
