Make benefits easy

Your care needs can change at any time, so your access to Care services needs to be flexible. With the Care app, support from Care is always at your fingertips, ready when you need it.

With the app you can:

- Access all your Care benefits, including finding and booking backup care, a sitter, or long term help for anyone in your family—kids, seniors, and pets.
- Streamline how you manage and track your benefits—like checking your backup care balance and current and past bookings.

Don't delay, get the app today!
