

# Harvard University's SCHOOL'S OUT PROGRAM

*Daily Activities*  
*August 2015*

## Superhero Week

Imaginative and pretend play is how children learn about the world. Join us for a week of fun and discovery as we use our imagination to open the door of possibilities. Activities are planned throughout the week to spark creativity and critical thinking. Children will have the opportunity to learn about themselves and the world, solve problems, coordinate, cooperate, and think flexibly ... all while having fun.

### Daily Schedule

**Monday:** Superheroes unite! Today children will reinvent themselves as an alter-ego superhero. Their imaginations will run wild as they design their own costumes. Zoom! Boom! POW! We are off to a great week!

**Tuesday:** Every superhero needs a special way to get to where they are needed. Fly? Zip line? Drive? Children today will experiment with a variety of recycled materials to figure out the best way they can get to the ones that are in need of their help.

**Wednesday:** It's a bird... it's a plane... no it's SUPER Camper! Imaginations will run wild as campers imagine the lives as the superhero they have created. Children will use a variety of mediums to bring their very own comic book to life.

**Thursday:** Inside every superhero there is a heart of gold and a mission to help save the planet. There is science behind every tool used to defeat challenges. Today's superheroes will create slime, webs, catapults, whatever they choose, to create their own unique way to save the universe.

**Friday:** All super heroes need to stay healthy and strong in order to defeat the everyday challenges. Today our Superheroes will create veggie heroes and go through rigorous obstacle courses to defeat challenges that arise each day.

### Additional Activities

In addition to the planned activities, children will also have opportunities throughout each day to read, listen to music, create art projects, and play a variety of games. This week we will also offer Yoga because superheroes need to strengthen all areas of their body and mind (more info about day and time of each Yoga class to come).

*Harvard's School's Out Program is sponsored by the Office of Work/Life. For questions please call 617-495-4100.*
