Important Enrollment Reminders

Meet the 30-day deadline. As a new employee, you have 30 days from your date of hire to make your benefit elections.

Submit your benefits. By clicking Update Elections on each applicable benefit, you can save your elections and return to make changes within the 30-day window. However, your elections won’t be processed until you click Submit on the Submit Benefits page. If you save your elections but don’t submit them, your elections won’t be processed.

Enroll dependents in medical, dental, vision care, or life. You must provide certified documentation to enroll your dependents in the medical, dental vision care, or life plans. If your documentation isn’t received by Benefits within the 30-day window, your dependents will be removed from the plans retroactive to your hire date/first date of eligibility.

Remember: Submitted benefits are final. Once you’ve submitted your elections, they can’t be changed until the next Open Enrollment period unless you experience a qualifying change in your family or employee status.

Do not use a mobile device to enroll: Using your phone to enroll in benefits is not recommended due to the enrollment page layout. Instead, use your laptop or desktop.

Obtaining login credentials

Before you can enroll in your benefits, you’ll need your Harvard University ID (HUID) and HarvardKey, the University’s unified login credential for online applications and services.

If you have not yet claimed your HarvardKey, simply visit key.harvard.edu and follow the prompts under Claim your HarvardKey. As part of the process, you’ll need to supply your HUID, last name, and date of birth. If you need help claiming your HarvardKey, please contact the Harvard University Information Technology support desk at 617-495-7777 or ithelp@harvard.edu. Please note: You will not be able to log onto PeopleSoft until your actual hire date.
ACCESSING PEOPLESOFT

1. Visit the Harvard Human Resources (HARVie) website at hr.harvard.edu and click on PEOPLESOFT at the top of the page.

2. You will be redirected to the HarvardKey login screen. Simply enter your credentials, and then click Login or press the Enter key. Note that using the Duo two-step authorization is required for login.

3. This will bring up the PeopleSoft home page. From there, click the My Benefits tile.

4. From the My Benefits page, click Benefits Enrollment.
SELECTING YOUR BENEFITS

1. Make your elections.

The main Benefits Enrollment page displays all of your benefit enrollment elections. If you have not yet made any selections, the default will be “No Coverage / Waive” and the total cost will be $0.00.

If you previously made elections but did not yet submit your benefits, these elections, along with their associated costs, will display as shown.

To make or change your election, simply click the Edit button next to the benefit you are electing.

If you’re receiving an automatic benefit (at no cost to you), you’ll see the details, but you won’t be able to make any changes.

Tip: Click the Enrollment Handbook link to review Harvard’s Benefits Enrollment Guide, which is also located on the Harvard Human Resources website at hr.harvard.edu.
2. Review benefit details.

Your default coverage is set to “waive,” so be sure to make an active election if you’d like medical coverage.

As shown in this example, you can click on any benefit type—in this case, medical—to review details and make your benefit election. Each election type includes pay-period costs for each coverage level.

To make your selection, click the radio button next to the plan name. To learn more about a specific plan, simply click on the plan name.

Click Update and Continue to save your selection. Click Cancel to return to the main Benefits Enrollment page without saving.

This must be done separately for each benefit they are being enrolled in (medical, dental, and/or vision care).
