

HOW TO ENROLL IN OR UPDATE YOUR BENEFITS

A Guide to Using the PeopleSoft Benefits System

Use this document to assist in your benefits enrollment. Newly-eligible employees please refer to your **Benefits Enrollment Guide** for detailed information about your benefit options. Those experiencing a life event (such as marriage, birth/adoption of a child, adding a dependent due to loss of coverage, etc.), please refer to your **Life Event** packet for information. If you require additional assistance, please contact the Benefits office at **617-496-4001** or **benefits@harvard.edu**.

Important Enrollment Reminders

Meet the 30-day deadline. As a new employee, you have 30 days from your date of hire to make your benefit elections. If you experience a life event, you have 30 days from the event date to make eligible changes.

Submit your benefits. By clicking **Done** on each applicable benefit, you can save your elections and return to make changes within the 30-day window. However, your elections won't be processed until you click **Submit Enrollment** on the **main landing page** and then click on **View** or **Done** in the pop-up window. If you save your elections but don't submit them, your elections won't be processed.

Enroll dependents in medical, dental, vision care, or life. You must provide certified documentation to enroll your dependents in the medical, dental, vision, or life insurance plans. If your documentation isn't received by Benefits within the 30-day window, your dependents will be removed from the plans retroactive to your hire date/first date of eligibility or the date of your life event.

Remember: Submitted benefits are final. Once you've submitted your elections, they can't be changed until the next Open Enrollment period unless you experience a qualifying change in your family or employee status.

Obtaining login credentials

Before you can enroll in your benefits, you'll need your Harvard University ID (HUID) and HarvardKey, the University's unified login credential for online applications and services.

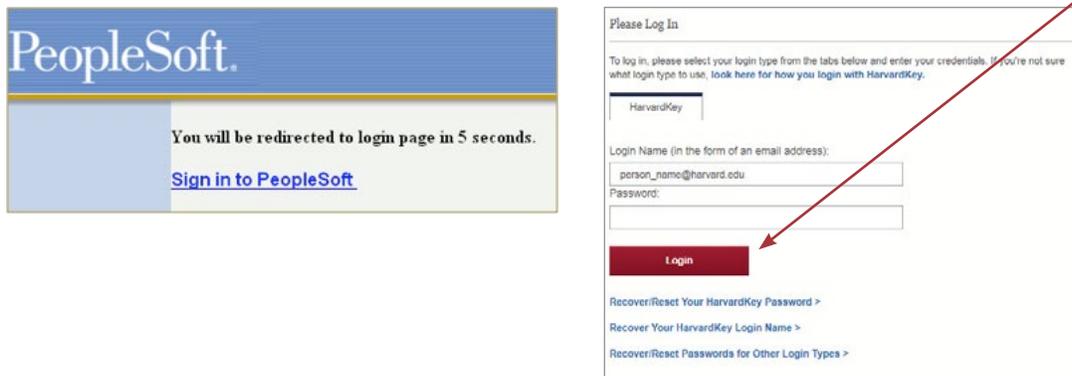

If you have not yet claimed your HarvardKey, visit **key.harvard.edu** and follow the prompts under **Claim your HarvardKey**. You'll need to supply your HUID, last name, and date of birth. If you need help claiming your HarvardKey, please contact the Harvard University Information Technology support desk at **617-495-7777** or **ithelp@harvard.edu**. **New employees please note:** You will not be able to log onto PeopleSoft until your actual hire date.

ACCESSING PEOPLESOFT

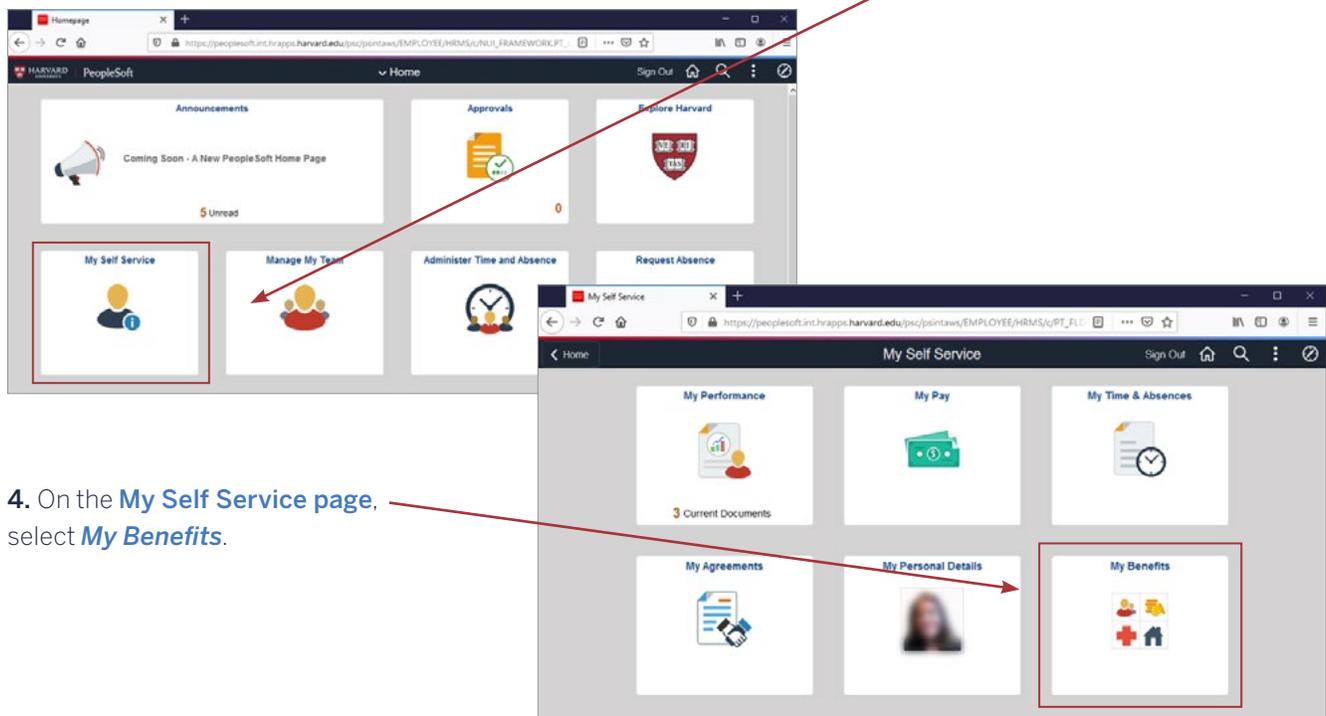

1. Visit the Harvard Human Resources (HARVie) website at hr.harvard.edu and click on **PEOPLESOFT** at the top of the page.

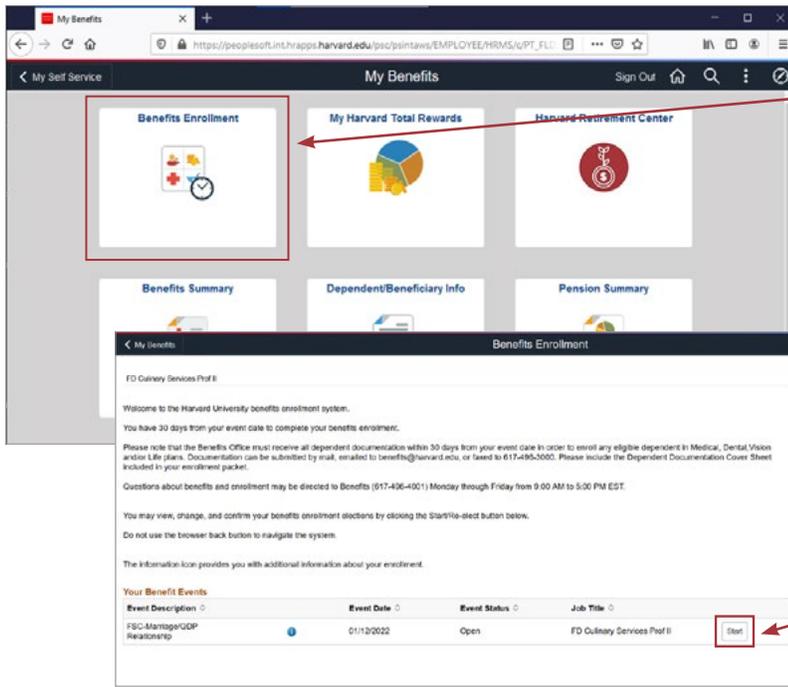

2. You will be redirected to the HarvardKey login screen. Simply enter your credentials, and then click **Login** or press the **Enter** key. Note that using the Duo two-step authorization is required for login.

3. This will bring up the PeopleSoft home page. From there, click the **My Self Service** tile.

4. On the **My Self Service** page, select **My Benefits**.

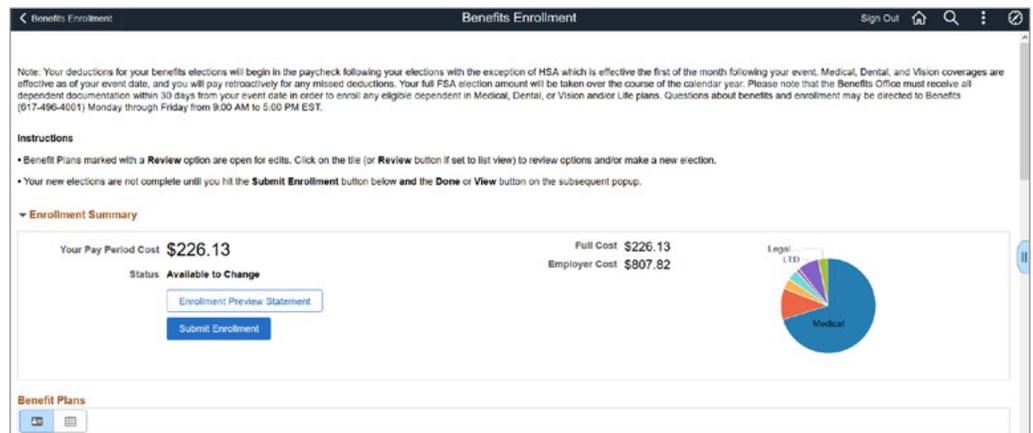

5. On the **My Benefits** page, select **Benefits Enrollment**.

6. This is the initial **Benefits Enrollment** page. Review the displayed information, and then click the **Start** button at your event status to begin making your elections.

SELECTING YOUR BENEFITS

1. Make your elections.

The main **Benefits Enrollment** page displays all of your benefit enrollment elections. The default will be your current benefit elections. If you are newly eligible and have not yet made any selections, the default will be “No Coverage / Waive” and the total cost will be \$0.00.

If you previously made elections but did not yet submit your benefits, these elections, along with their associated costs, will display as shown. To make or change your election, simply click the **tile of benefit you are electing**.

If you're receiving an automatic benefit (at no cost to you), you'll see the details, but you won't be able to make any changes.

2. Review benefit details.

Your default coverage is set to your current benefit elections (or to “waive” if you are new), so be sure to make an active election if you’d like medical coverage.

As shown in this example, you can click on any benefit type—in this case, medical—to review details and make your benefit election. Each election type includes pay-period costs for each coverage level based on the dependents covered.

To make your selection, click the select button next to the plan name. To learn more about a specific plan, click on the plan name in the Resources section on the right of the screen.

Click **Done** to save your selection. Click **Cancel** to return to the main **Benefits Enrollment** page without saving.

Medical

To make changes to your medical plan, please follow these three steps:

1. Select a medical plan option or waive coverage.
2. Review or add dependents at the top of this page. Please make sure you check the box next to the dependents you wish to have covered.
3. Click Done in the top right corner when you have finished selecting this plan.
