

**OFFICE OF HUMAN RESOURCES  
ANNUAL REPORT ON THE STATUS OF SERVICE EMPLOYEES  
FISCAL YEAR 2022**

**Introduction**

Fiscal year 2022 marked the nineteenth full year of the University's progressive Wage and Benefit Parity Policy (WBPP) as recommended by the Harvard Committee on Employment and Contracting Policies. This report summarizes the University's efforts during fiscal year 2022, both to implement the WBPP and, more generally, to address issues related to service employees on the Harvard campus with particular emphasis on custodial, retail dining and security service workers.

Through the continued implementation of the WBPP, the University seeks to ensure that contracted custodial, retail dining and security service workers at Harvard receive total compensation comparable to that offered to corresponding University employees. The major aspects of this ambitious policy have now been established and the University continues to work closely with on-campus vendors as well as University contract managers to achieve compliance with the WBPP. Significant progress continues in the areas of wages and benefits, and conversion to full-time employment, workplace values, training and communication. In fiscal year 2023, the University will continue to address any areas of implementation of the WBPP where the need for further refinement remains.

**Highlights of FY 2022**

In fiscal year 2022, the University emerged from the COVID-19 pandemic. On campus learning was fully restored for the 2021 – 2022 academic year. With that, the work for both Harvard direct hire and vendors employees providing custodial, dining and security services was restored to pre-pandemic levels.

**Wages and Benefits**

**A. Wage and Benefit Parity Policy (WBPP):** The University continues to work with on-campus vendors providing custodial, retail dining and security services to ensure that they pay their on-campus employees total compensation (defined as wages, health and pension benefits, and paid time off) comparable to that received by corresponding University employed workers. In FY 2022, 14 vendors covered by the WBPP (7 custodial, 4 dining, and 3 security services) either continued or resumed providing services. The Office of Labor and Employee Relations (LER) and the Office of Strategic Procurement (Strategic Procurement) continue to identify new vendors that meet the applicability thresholds of the policy and therefore must comply with its provisions.

All vendors covered by the WBPP are required to sign the Master Services Contract, which was established by the University in 2002, and is administered and maintained by Strategic Procurement. The Master Services Contract sets forth the requirements for covered vendors and requires them to certify their compliance with the requirements of the WBPP. Strategic Procurement, in conjunction with the Office for Labor and Employees Relations, establishes and manages vendor agreements for services covered under the WBPP.

With implementation of the WBPP, LER developed a process by which vendors may establish comparable health and retirement benefit plans for compliance purposes. The goal is to ensure that vendor employees have comparable plans in which to participate.

In instances where a vendor does not offer a comparable plan, the WBPP requires those vendors to pay a financial offset equal to the University's contributions for health and dental plans. The University continues to offer health and pension plan comparability reviews and to work with vendors to establish comparable benefit plans to facilitate further vendor compliance with the WBPP.

**B. Vendor Audits:** The University has developed a process to audit selected vendors on an annual basis through the assistance of an outside auditing firm. This process was suspended in 2020 and 2021 due to the COVID-19 pandemic. The University resumed the audit process in 2022 and selected all vendors for review. The University also offered a comprehensive vendor training to prepare the vendors for the audit process. These audits allow the University to monitor compliance with WBPP requirements, provide the University with a fuller understanding of training needs for University contract managers and vendors, assist the University in its efforts to facilitate compliance, and inform future vendor selection decisions. The auditor reviews selected vendors to ensure that the following WBPP requirements are met:

- Wages paid to vendor employees are equal to those paid to Harvard employees in the corresponding service sector
- Vendor employees receive the same medical, dental, pension benefits and paid time off as Harvard employees in the corresponding service sector
- Vendors participate in the Harvard Bridge Program
- Vendors are providing tuition assistance and childcare assistance equal to that paid to Harvard Employees in the corresponding service sector

**C. Conversion of Custodial Employees to 40 hours per week:** Although not a requirement of the WBPP, the University has satisfied the contractual goal of 70% full-time employment among University custodians (defined as 40 hours/week) established pursuant to the Harvard University and SEIU collective bargaining agreement effective November 16, 2016 to November 15, 2020. As compared to March of 2002, the overall percentage of 40 hour/week custodians has increased from 32% in 2002 to 77.6% in

2022. As of January 2021, the total breakdown of directly hired custodians' weekly scheduled hours was as follows:

- 77.6% at 40 hours per week
- 7.2% between 30-39 hours per week
- 3.4% between 20<sup>+</sup>-29 hours per week
- 11.8% at 20 hours per week and below (below the threshold for full University benefits)

**D. Wages:** As provided for in their collective bargaining agreement, wages continued to increase in fiscal year 2022 for the members of the University's dining service union: UNITE HERE (Hotel Employees Restaurant Employees International Union), Local 26 and the University's custodial union: SEIU (Service Employees' International Union), Local 32BJ.

The one-year collective bargaining agreement for the security union: HUSPMGU (Harvard University Security Parking and Museum Guards Union) expired on September 30, 2021. Existing wages would continue as the University and Union continued to negotiate a new agreement.

Wage schedules for University direct hire custodial, dining and security employees are set forth in Appendix A; additional wage data relating to these three service groups are set forth in Appendix B.

**E. Collective Bargaining:** In fiscal year 2022, the University continued negotiations with HUSPMGU. All negotiations were held remotely via zoom.

Copies of all the University's collective bargaining agreements and one-year extension agreements are available at: <https://hr.harvard.edu/union-contracts>:

- UNITE HERE, Local 26: 6/20/21 – 6/19/2026
- HUSPMGU: 7/1/20 – 9/30/21
- SEIU, Local 32BJ: 11/16/21 – 11/15/25

## **Training and Development**

**A. Harvard Bridge Program:** The Bridge, formally launched in September 2000, has a two-fold mission: to help employees perform their current jobs more efficiently and to teach employees the necessary skills to advance professionally and in life. Since its inception, the Bridge has grown significantly from an initial 38 participants to approximately 3,818 participants by 2022 (participant numbers included class enrollments, tutorial services, and career development services). Initially, courses were offered only to Harvard service employees. Since 2001, the Bridge has been extended to employees of WBPP contractors and continues to expand participation to additional contractor units. The Bridge collaborates with all the unions at Harvard including SEIU, UNITE HERE, HUSPMGU and HUCTW, to further their members' academic and technology skills and establish career pathways.

The Bridge Program is also committed to closing the digital divide that exists today. That said, in 2001 the Bridge team began offering a variety of technical courses (i.e., Basic to Advanced Computers). The Bridge Program continues to adapt and expand offerings to meet the disruptions/changes to the workplace. More students are learning remotely and becoming proficient using Zoom and Google Classroom. Our expanded offerings include: digital learning classes (beginning and advanced levels), email writing (basic and advanced), pronunciation classes (intermediate level ESOL), and a new career development workshop.

**B. Harvard Internal Professional Pathways (HIPP):** Designed to promote upward mobility within Harvard, HIPP is a customized skill-building program that is primarily designed for hourly service and trades employees. The year-long program consists of three components: Skills-based courses, an optional 16-week internship, and career coaching and job search support.

In academic year 2021 – 2022, one participant was hired into a higher-level job. The internship program was suspended due to COVID-19. However, it is expected to resume in the summer of 2023.

**C. Training for Harvard Managers:** The Center for Workplace Development (CWD) offers the Universal Manager Training course for all University managers which focuses on equipping managers with core knowledge and skills required to successfully manage at the University. In addition, the Office of Labor and Employee Relations continues to offer management training workshops designed to provide managers an overview key employment laws and policies and managing in a union environment.

**D. Consultation for Harvard Vendors:** Through fiscal year 2022 vendors were provided guidance and feedback regarding compliance and general policy obligations required under the WBPP. During the year Labor and Employee Relations provides training, consultation, communication and template forms to ensure consistent application of the WBPP guidelines across the vendors working on campus.

## **Communication**

**A. Harvard University Labor Relations website:** LER continues to manage a public website: <https://hr.harvard.edu/labor-and-employee-relations-department>. This website not only shares the University's progress in implementing the WBPP, but also serves as a central location for all labor relations related information at the University. The public may access information regarding the University's labor activities, current negotiations, frequently asked questions, WBPP policy administration and the 2001 Report of the Harvard Committee on Employment and Contracting Policies

Recommendations. The site also serves as a central depository for all of the University's collective bargaining agreements and annual reporting of WBPP efforts.

**B. Strategic Procurement website for vendors:** The Office of Strategic Procurement has an external facing web page, which includes information about the WBPP for potential service providers that would be subject to the policy: <https://procurement.harvard.edu/for-vendors>

#### **University Ombudsman Office:**

The University Ombudsman Office, established in February 2003, is confidential, neutral and independent and continues to assist staff in resolving workplace issues, identifying options and strategies and providing appropriate referrals. The confidential University Ombudsman Office supplements, but does not replace, mechanisms under existing policies and union contracts for addressing grievances at various faculties and departments.

#### **Service Employee Data**

Data on service employees, including demographics, wage and benefits levels, termination rates, and part-time status continue to be collected to measure the impact of implementing the Wage and Benefit Parity Policy. These data are included in Appendix B.
